

FY18 - Spring - Credit Recovery Success by Department/Course

*Success Rate (passing rate) for Credit Recovery courses is determined by the number of students that have passed the course earning 60% or higher and have completed the required written assignments in each course, divided by the number of Active Enrollments - students working in the course.

Dropped courses, non-starters (students earning 10% or less in the course), and custom course solutions are not included in the calculation of the Success Rate (passing rate).
